Cookies:

When you interact with the RedSandz Technology Website, our Web server sends a cookie to your computer. Cookies are files that Web browsers place on a computer's hard drive and are used to tell us whether customers and visitors have visited the Site previously.

Standing alone, cookies do not identify you personally. They merely recognize your browser. Unless you choose to identify yourself to RedSandz Technology, either by responding to a promotional offer, opening an account, or registering for a 30-day trial, you remain anonymous to RedSandz Technology. Cookies come in two flavors: session and persistent-based. Session cookies exist only during an online session. This information allows RedSandz Technology to process your online transactions and requests. RedSandz Technology does not use persistent cookies. We are especially careful about the security and confidentiality of the information stored in cookies. For example, we do not store account numbers or passwords in cookies. Users who disable their Web browsers' ability to accept cookies will be able to browse our Website but will not be able to successfully use our service.
